VERSION INFORMATION:

PRODUCT INFORMATION

GENERAL INFORMATION: Preparation

- This manual is part of the product and describes the safe and proper installation of the system. Please read the instructions carefully before installation.
- Please note that the assembly should only be done by qualified and trained staff in strict compliance with all details indicated in this document.
Improper installation in variation from manufacturer's specification may cause defects and danger, thus endangering the safe fixing of the product as well as the safety of the prospective user. The liability of the manufacturer shall be excluded in case of defects and consequential damages resulting from incorrect assembly of this product.
- Please check the completeness of the delivered parts and check carefully if any transport damages are visible.
- If any parts are damaged or lost, please immediately contact the responsible supplier.
- It is assumed that you have exactly identified all cutting dimensions according to the measurement instruction for **raumplus** products.

SYSTEM:

System Information: Rima Fino (corpus dimensions)

- max. total weight = **120 kg**
- min. / max. height = **2100 mm / 2700 mm**
- min. / max. width = **600 mm / 800 mm**
- min. / max. depth = **180 mm / 240 mm**

PRODUCT INFORMATION

GENERAL INFORMATION: **Product safety**

- The interior system Rima Fino complies with the prior of the art and the authorized safety rules at the time of delivery.

USE:

Intended use

- The prerequisite for the intended use of our products is the professional installation according to our installation instruction. Sufficient fittings must be available and durably installed in all relevant places.
The function of the fitting must not be hindered or altered during installation.
- Special solutions are only possible in consultation with **raumplus**.

Use not as intended

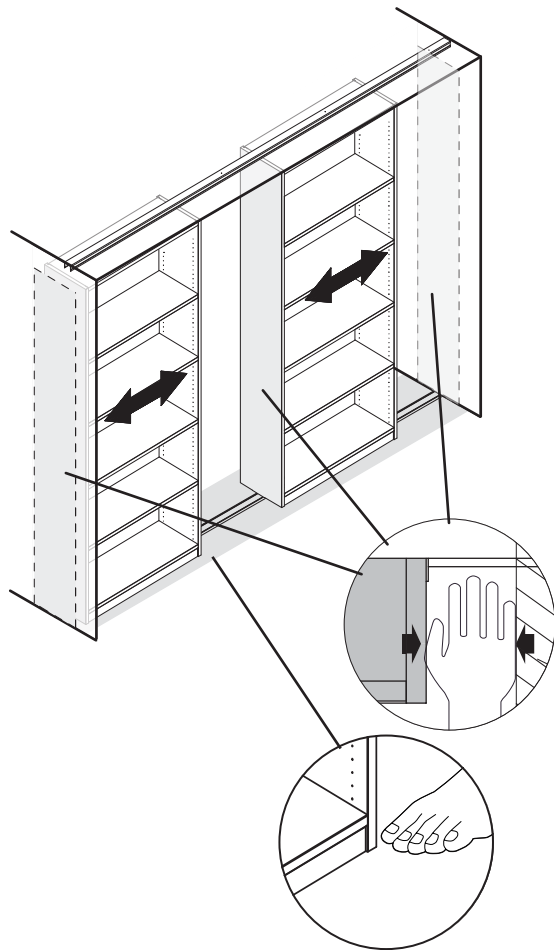

- Risk or danger may occur in the following cases:
 - the door system has improperly been installed or maintained.
 - the safety and installation instructions have not been followed.
 - after improper installation or inadequate fixing (e.g. to parts of buildings)
 - the maximum weight of the doors has been exceeded.
 - improper shock and case loads or other additional loads on the fittings have occurred
 - the fittings have been used outside.
 - body parts or objects got in to the closing edges or door runnings during use of the door wing.
 - the door system is not used as intended.

Structural modifications

- structural modifications that are not offered as an accessory from **raumplus** may only be attached or installed with permission of **raumplus GmbH**!

MANUAL

This manual is part of the delivered product and describes the safe and proper use.

Designated use:

The product is designed and manufactured for indoor use.

The product was designed as a hand-guided movable shelf that is usually not being moved faster than walking speed and should be stopped manually when reaching the end position. The shelves are guided on top and bottom track.

Any other use that deviates from the specific proper use is not according to the **raumplus** regulations.

Manual:

Move the shelf slowly by hand.

Guide the shelf slowly to the end position.

Attention:

Preserve your hands from getting trapped during the movement of the shelf.

When moving the shelf never take hold of the side panel, only use the inner shelf areas.

Use the shelf as instructed.

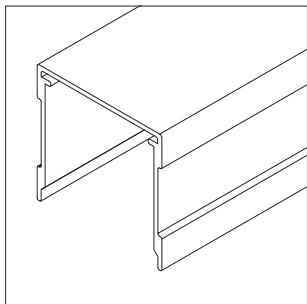

Safety Information:

The product complies with the prior art and the recognized safety rules at the time of delivery.

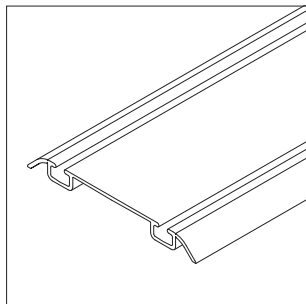

- Pay attention to child safety.
- No additional load to the shelf.
- Structural changes, additions or modifications can only be carried out by a distributor.
- In case of malfunctions or irregularities: shut down the system and contact your dealer.
- ⚠ For Installation without wall connection: use of top / bottom stopper is obligatory 📄.

As defined in the „Law of Liability for Products“ (§4 Prod-HaftG), for the liability of the manufacturer, for his products, the above information has to be regarded. The disregard of this manual, releases the manufacturer from his liability.
